

Best Quality Tuition and Enrichment Centre To Unleash Your Child's Potential

(2nd Time Winner)

Edufarm's Programme 1 Phonics students with their Letterland characters

BEST FOR

Edufarm Learning Centre LLP is proud to be the 2nd time Winner for **Best Quality Tuition and Enrichment Centre To Unleash Your Child's Potential** Award by Parents World Singapore for two years running!

Over the past 20 years, Edfarm has been a valued provider of quality education catered to young children, preschoolers and primary school goers. Best known for not only its Phonics lessons, Edfarm also offers 3G Abacus, Creative Art, Creative Writing, and English Speech & Drama lessons, as well as Primary Tuition for the promising young geniuses of the future.

FEATURES

Edfarm offers Primary Tuition, with subjects ranging from English, Math, Science and Chinese. Tuition offers time and space for questions that a student might not be able to ask in class. Personalised interaction offers a one-to-one engagement with the tutor about various concepts that are difficult to grasp. Aside from boosting their confidence in tackling challenging questions, students have access to methods and resources that will help with revision. Unleash your child's potential through tuition – to help your child improve and catapult them into achieving successful grades.

Young toddlers and preschoolers alike also get a chance at valued education at Edfarm. Through the incorporation of a unique, language-rich and multi-sensory learning system called Letterland Phonics, preschoolers learn reading, writing, and spelling through the use of their own imagination. Edfarm caters to two age groups of Letterland Phonics: *Star Tots Phonics* (for children between 18 months to 3 years old) and *Programme 1 Phonics* (for children between 4 to 7 years old). Priced at \$240 per term for 12 sessions, Edfarm serves quality education at a relatively affordable rate (inclusive of material fees).

Letterland transforms plain black letter shapes into child-friendly pictograms and magical story formats to explain letter sounds and shapes. Instead of memorisation, children harness their own intelligence by engaging their thinking skills and understanding of the world around them. Children *Learn to Read* using the Letterland Phonics system, through big storybooks, flash cards, CDs, activity books, and supplementary worksheets.

Through Letterland, they will learn:

- Letter Sounds
- Letter Shapes
- Action Tricks
- Word Building
- Advanced Spelling
- Multi-Sensory Learning

Children Learn to Read, Write and Spell Effectively

REVIEW

Stellar Teaching Methods

Harnessed over 40 years, the world-renowned UK-based Letterland system, which falls under the Synthetic Phonics category, is an established programme that prioritises learning, using a chronologically-ordered methodology that helps students to read, write and spell effectively.

Letter characters come alive with Letterland Phonics!

Credible & Certified Educators

A team of educators certified in teaching Phonics and a Diploma in Early Childhood Education will be dedicated to a group of 4 to 8 students to ensure a semi-individualised approach. Pave the way for the wonders of your child's imagination with Edufarm's Letterland enrichment classes!

Comprehensive and Holistic Curriculum for Toddlers & Preschoolers

Whether the child is in the *Beginner*, *Intermediate* or *Advanced* stage of their Phonics journey, they are motivated to listen, think, and learn through *Letterland Songs* and *Story Characters*.

Star Tots Phonics students will tackle letter recognition, letter formation, handwriting development, sound-letter-object association and individual sounds of each alphabet, from A to Z – while *Programme 1 Phonics* students will learn about segmenting, blending (synthesising), word building, high frequency words, and irregular vowels, to name a few.
